Baggage drop will only be available for those doing the Property Swim at 8.00 am. If you dropped a bag off at this bag drop you will be able to collect it from upstairs in the boat house after finishing your swim.

We strongly recommend that those not taking part in the Property Swim leave bags with your relatives / friends or in your car. We advise however that you have on your person clothing for after the race, a mobile phone and a little money.

### **17. How do I find out my time / results?**

The mobile phone number you entered when signing up to the event will get a text message with your finish time after you cross the finish line and results are available live from [www.propertytriathlon.com/uksouth-dorney/results](http://www.propertytriathlon.com/uksouth-dorney/results). You can also view them in the event app.

### **21. I'm doing the property swim: do i have to go back to the start to pick up my things?**

No, we will transport your kit from the start to the finish for you and your kit can be picked up from the boathouse.

**22. Can i bring my own tent or gazebo?**

Unfortunately, due to limited space we do not allow tents or gazebos to be brought onto the site.

**23. Can I bring my dog?**

Yes, it is a dog friendly venue, but please be reminded that it must be on a lead and that you are responsible for it at all times.

**24. Where do I stand if i'm doing the bike or run leg of the relay?**

Stand by where the bike is racked. You are not allowed to start your leg until the previous team member has reached your racking spot.

Please note you will be need to pass on your chip to the next team member before they start their leg.

**25. Where do i put my bike in transition?**

Competitors will be racked by wave and you will be directed to the next available space by transition staff.

Your allocated position in transition will be where you will store everything you need for the race. You should set up your kit in the transition area prior to the race and it is important that you know the direction of flow through the area, where your bike is amongst hundreds of others and for those in the relay, this will be the point where the next team member will begin their leg.

Ask the team in transition if you are unsure.

**26. Is there shade along the course?**

There is no shade along the course itself, so we recommend bringing hats, plenty of sun cream and an umbrella with you if the weather is looking like it will be hot.

**27. Are spectators allowed?**

Yes, spectators are allowed.

**28. Where is the best place to watch?**

The event village side of the finish line, or along the mound of the run course.

Spectators will be unable to access much of the bike course other than that which passes the event village area. The grass area from the registration tent towards the event village offers views of all three triathlon disciplines.

**29. Where can I get medical assistance?**

**Acute Ambulance and Medical Services** are on hand and are located between the event village and club house. There will also be staff at the finish line.

**30. I have a question / feedback / want to get in touch with the organisers. How do I do that?**
